

HUNNIE ZADI

SOFTWARE DEVELOPER

Profile

I am a dedicated IT graduate with a strong foundation in computing systems which was acquired through my BSc in IT. I've recently undertaken a dynamic 12-week software development bootcamp to revitalise my skills and stay current in the rapidly evolving field of technology, I worked with technologies such as html, CSS, JavaScript, Python and MySQL.

To pursue my childhood dream of travelling I started a 12 year career with British Airways and gained customer service, supervision, editorial content management and resource management skills through employment amongst other valuable experience and soft skills. These skills are teamwork, the ability to be competent on my own initiative, excellent communication skills, adaptability, and time management amongst thriving under pressure and completing tasks to a high standard.

A naturally curious person with a keen interest in problem solving and critical thinking, eager to contribute my refreshed knowledge and passion to a Junior Software Developer role, I bring a unique blend of traditional education and contemporary training to drive innovative solutions and play my part in shaping the future as a junior software developer. With creative flair and newly refreshed tech knowledge, I look forward to creating future proof solutions.

Education and IT Training

JUST IT TRAINING LTD, LONDON DIGITAL SKILLS BOOTCAMP: SOFTWARE DEVELOPMENT

01/24 - 04/24

- A twelve-week intensive bootcamp covering the fundamentals of Web and Software development which included Database Design and System Dev Lifecycle.

10 A*-C in Maths, English, Science and ICT

Skills

- Web Design
- Design Thinking
- Critical Thinking
- Problem Solving
- Database Design
- Front End Coding
- Back End Coding
- Full-Stack Coding
- Computer Literacy
- Project Management Tools
- Strong Communication
- Team Player
- Competent on own initiative
- Thrives under pressure
- Excellent prioritisation skills
- Attention to detail
- Leadership skills
- Honest
- Reliable
- Punctual

HUNNIE ZADI

SOFTWARE DEVELOPER

Employment History

DVSA APPROVED DRIVING INSTRUCTOR (A GRADE)

Road PiLot, Essex, UK

2018 - Present

- Provided punctual and comprehensive driving instruction to reinforce safe driving practices in accordance with UK Law.

BRITISH AIRWAYS PLC, HEATHROW AIRPORT, TERMINALS 1, 3 & 5

Resource Manager

04/15 - 05/19

- Undertook monitoring of the resource allocation system to coordinate effective delivery of manpower and equipment across operations at Heathrow Airport.
- Responded proactively to manage expectations, such as coverage of unplanned, immediate tasks, resource conflicts and shortfalls to drive resolution in a timely manner.
- Liaised with the Resource Delivery Team Manager throughout shifts and adjusted staff levels if required to meet changing operational requirements.
- Managed and escalated issues with a potential detrimental impact on operational performance.
- Monitored manpower allocations and reviewed performance levels to ensure adherence with expected standards.
- Implemented business continuity plans with respect to allocations in the event of system failure or area restriction.

BRITISH AIRWAYS PLC, HEATHROW AIRPORT, TERMINALS 1 & 5

Customer Service Agent / Premium Team Agent

11/07 - 04/15

- Held responsibility for checking in customers, assigning seats and boarding passengers appropriately. Helped customers by the airport gates and also in using the self-service kiosk machines.
- Maintained a strong focus on security and undertook all general administrative tasks as required to support the effective running of operations.

BRITISH AIRWAYS PLC, HQ, WATERSIDE, HARMONDSWORTH

Content Manager ba.com - Secondment

09/11 - 05/12

- Created innovative, engaging content for the ba.com website in accordance with brand tone and style guidelines.
- Designed new and modified existing content pages through CMS with a focus on quality of output.
- Worked with external firms such as translation companies to upload content in different languages.
- Owned sections on ba.com and responded to any imminent changes by reflecting changes where necessary on the section, along with writing content which reflected specialist knowledge on T5 processes.
- Undertook proofreading of other website sections to ensure they were in compliance with T5 SOPs.
- Worked on a breadth of projects and reported on progress, risks and issues to Lead / Managing Editors.
- Worked closely with the agile team to help roll out the new ba.com.

BRITISH AIRWAYS PLC, HEATHROW AIRPORT, TERMINALS 1 & 5

Senior Customer Service Agent / Team Leader

06/08 - 05/09

- Led a customer services team within the check-in area at Heathrow Airport to deliver exceptional levels of customer service in line with BA's service hallmarks and brand expectations.
- Delivered motivational briefings to staff to maximise staff engagement levels and provided feedback during shifts.

Tech Stack

Interests and Achievements

My hobbies involve keeping myself up to date with latest technologies and their operation which contributes to problem solving skills and the ever-changing world of IT. I also enjoy completing assignments on various platforms and researching efficient ways of coding.

I plan on learning new languages that can better equip me as a software developer and create versatility in my work flow.

My development portfolio includes the following projects: Website Clone using html and CSS, JavaScript, and Python.

My other hobbies include exploring new countries, trying diverse cuisines and creating memories with loved ones through dining experiences.
